Delay and Cancellation Risk

Since Helicopter is a small craft, its flight depends strongly on the weather condition. Flights from Hanoi to Halong are sometimes delayed or cancelled due to fog in Halong Bay. Risks happen quite often during January – March. Hereunder some important remarks and backup proposals when helicopter is delayed or cancelled at last minutes:

- It is better to book both helicopter ticket and Halong overnight cruise package with Vietnam Helicopter Tours because if there is any trouble caused due to bad weather, we will find out the most efficient solution and arrange easier with suppliers.
- In case of flight delay or cancellation by supplier, we will arrange the tour by car and refund the flight ticket.
- The tour package is the combination of helicopter and cruise in Halong Bay. When the flight is cancelled and you don't travel to Halong by car, you will get the flight refund but not the cruise.
- Many people connect another flight from Noi Bai Airport to the next destination after coming back by helicopter from Halong Bay. If your case, please accept the risk when the helicopter comes later than planned and there is not enough time to check in the next flight.

Remarks:

- The tour prices are subject to change during Christmas and New Year Eve (24 and 30 Dec)
- Cruise itinerary and schedule are subject to change due to weather, tide levels and operating conditions.
- Unused services are not subject to a refund.

Beyond just a holiday
